

Channing Association 2011-12

Dear Parents

FIREWORKS GURU WANTED

Before it becomes a dim but beautiful memory please look back to the Channing 2011 Fireworks just after half term – it is one of the social highlights of the Junior and Senior School calendar – the envy of those ineligible for tickets.

The Channing Association would like to thank Colin Chapman for masterminding the Channing Fireworks for the last 5 years, in which time it has continued to flourish; but understandably he would now like to hand over to someone else.... Colin has kindly agreed to be available for the first year to coach and support.

Is there a major events co-ordinator in our midst who would like the challenge of Channing Fireworks 2012? We would expect a commitment of at least 2 to 3 years as Chair. It is a big role, with 1500 attending each year, and always a sell-out. It is always fun, hard work but ultimately rewarding. It is quite a big time commitment for the months of September and October, and the weekend itself, which involves some strenuous manual labour! On the whole the Channing Community puts its back into the show, and there is an army of willing helpers to keep this a safe, fun and fabulous extravaganza.

If you would like to discuss the role or are any way interested in taking over please contact me aurielbull@hotmail.com

We look forward to hearing from you.

Best wishes

The Channing Association
