

18 January 2011

Dear

Your daughter has expressed an interest in attending one of this years' Chemistry Camps.

These are organised by the Salters' Company and held at Universities across the UK. They are three-day residential events which offer the opportunity to do some hands-on Chemistry in University laboratories, see some lively chemical demonstrations and give a taste of life in a University campus. They are open to all secondary students in Year 10 and each school may nominate a maximum of four pupils to attend. More information is available at "<http://www.chemistrycamps.co.uk>"
www.chemistrycamps.co.uk.

Your daughter has already been given an application form to fill in as it advisable to apply as early as possible; this should be returned to Mr Wardrop as soon as possible who will then process it and pass it on to the Salters' Company. For your reference, please see the list, overleaf, of dates and venues available. In order to increase her chances of being selected, your daughter should choose a second and third choice option. The camps that clash with the last weeks of summer term cannot be chosen and these are struck from the list.

To make the most of this opportunity, Salters' require that students are able to participate for the entire camp. You should, therefore, check in advance that you have not made any arrangements which could clash with any of the camps selected. If the application is successful, you will need to pay a non-refundable course fee of £90 and you will also be expected to cover any travel expenses.

Interest among pupils in Year 10 has been very high so if, for any reason, your daughter is unable to attend please inform Mr Wardrop as soon as is possible so that the place may be offered to somebody else.

With best wishes,

Yours sincerely,

Mr M Wardrop
Head of Chemistry

.....
Daughter's name: _____ Form: _____

I give permission for my daughter to apply for a placement at a Salters' Chemistry Camp. I understand that, if the application is successful, I will need to pay a course fee of £90, cover any travel expenses and that my daughter will need to be available for all three days of the course.
