NQT	Newly Qualified Teacher
NSPCC	National Society for the Protection of Cruelty to Children
PSHE	Personal, Social and Health Education
SEAL	Social and Emotional Aspects of Learning
TAC	Team around the Child
WTTSC	Working Together to Safeguard Children

1. Introduction

Safeguarding and promoting the welfare of children is defined for statutory purposes as protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes. This policy aims to provide all members of staff (paid and unpaid), children and young people, and their families with a clear and secure framework for ensuring that all children in the school are protected from harm, both while at school and when off the schools premises and to ensure consistent, good practice across the school. This policy also applies to the EYFS. A copy of this policy is on the school website and hard copies are available from the School Office upon request.

The Policy is in accordance with locally agreed procedures highlighted by the London Boroughs of Camden and Haringey.

This policy has been developed in accordance with the principles established by:

- *Keeping Children Safe in Education* (2018, KCSIE)
- *Annexe A, (2018, KCSIE)*
- *Sexual Violence and Sexual Harassment between children in schools and colleges (2018)*
- *London Child Protection Procedures and Practice Guidelines (2018)*
- *Working Together to Safeguard Children (2018, WTSC)*
- *The Prevent Duty (2018)*
- *Sexting in Schools (2018, UKCCIS)*
- *Education (Independent School Standards)(England) Regulations 2018 (amended 2018)*
- *Multi Agency Practice Guidelines – Female Genital Mutilation (2018)*
- *Safeguarding Children and Safer Recruitment in Education (2018)*
- *Dealing with allegations of abuse against teachers and other staff (2018)*
- *Children Act 1989 (Section 87(1))*

- *Children Act 2018*
- *Education Act 2018 (Section 157)*
- *Data Protection Act 2018*
- *Children and Social Work Act 2018*

Practitioners can obtain more advice from the website: [What to do if you are worried a child is being abused](#)

Channing School believes in supporting all aspects of pupils' development and learning and in keeping children safe. We recognise a moral and statutory responsibility for all staff to safeguard and promote the welfare of all children. We endeavour to provide a safe and welcoming environment, consistent with our Unitarian ethos, where children are respected and valued. We are alert to the sign of abuse and neglect and follow our procedures to ensure that children receive effective support and protection.

We understand that emotional and social aspects of learning create a foundation for all academic learning.

All staff will work to ensure that:

- Children and young people feel listened to, valued and respected. (It is worthy to note that pupils have a number of options within the school context, should they wish to raise an issue. These include the School Nurse, School Counsellor, Senior Leaders, Pastoral Leads, Form Tutors, as well as their teachers and support staff).
- Staff are aware of indicators of abuse and know how to share their concerns appropriately.
- Fundamental British values are actively promoted and The Prevent Duty is enforced
- All paid and unpaid staff are subject to rigorous recruitment procedures.
- All paid and unpaid staff are given appropriate support and training.

The school and its staff form part of the wider safeguarding system for children. This is described in *Working Together to Safeguard Children* (2018). The school works with social care, the police, health services and other services, as and where appropriate, to promote the welfare of children and to protect them from harm.

Staff play a crucial role in helping to identify welfare concerns, and indicators of possible abuse or neglect, at an early stage and must be alert to this.. Channing School is committed to referring those concerns via the Designated Senior Lead (DSL) to the appropriate organisation (normally local authority children's social care), contributing to the assessment of a child's needs and, where appropriate, to ongoing action to meet those needs.

All staff members are advised to maintain an attitude of "it could happen here" where safeguarding is concerned. When concerned about the welfare of a child, staff members should ALWAYS act in the interest of the child and seek advice from the DSL or external agencies. Even in borderline cases informal advice should be sought from external agencies. There is an emphasis on the importance of early help and intervention.

The most effective safeguarding happens when the right help is received at the right time to prevent issues escalating.

In order to ensure children are adequately protected, we will ensure that:

- We have a Designated Senior Lead (DSL) and a deputy DSL who attend child protection and multi-agency training at least once every two years (including participation in Child Protection Case Conferences, supporting children in need, record keeping and promoting a culture of listening to children)
- The Head and all staff, including temporary staff, volunteers and helpers are trained in Child Protection awareness every three years (in line with advice from LSCB regarding schedule, focus and level of training)
- Regular Safeguarding updates and training is given in staff meetings.
- All staff, including new staff, NQTs temporary staff, volunteers and helpers are provided with

training that includes Child Protection. The Staff Code, Behaviour Policy, the identities of the DSLs and a copy of Part 1 of *Keeping Children Safe in Education* (2018), Annexe A and the Prevent Duty will also be provided.

- All staff are involved in shaping policy and procedure as they have the opportunity to contribute regularly via discussion in CP INSET, meetings and end of term full staff meetings
- All staff have read and understand the Child Protection Policy and are aware of the indicators of child abuse and how to respond to concerns or disclosures of abuse by children in a timely and appropriate way.
- All children, young people and their families are aware of the Safeguarding and Child Protection Policy.
- The Child Protection Policy is reviewed on an annual basis by the DSL and the Board of Governors.
- Issues relating to Safeguarding, including FGM, radicalisation, mental health and cyber bullying and e-safety are dealt with as part of the PSHE programme of Study, Form time, curriculum subjects and in assemblies.

2. Definition and Explanation of Terms

In the Children Acts 1989 and 2004, a **child** is anyone who has not yet reached their 18th birthday.

Safeguarding and promoting the welfare of children is defined in *Working Together to Safeguard Children* (2018) as:

- Protecting children from maltreatment.
- Preventing impairment of children's health or development.
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care.
- Undertaking that role so as to enable those children to have optimum life chances and to enter adulthood successfully.

Additionally, there are children who may be in need of additional support from one or more agencies. The use of a CAF (Common Assessment Framework) and a TAC (Team Around the Child) approach should be used for inter agency assessment using local processes.

If a member of staff is concerned that a pupil may be suffering harm or is at risk of harm, the matter should be referred to the Designated Senior Lead as soon as possible who will follow the school's policy and procedures and report to Children's Social Care

3. Abuse and Neglect

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger for example, via the Internet. They may be abused by an adult or adults, or another child or children. Sometimes, no obvious signs of abuse are visible or apparent and special attention needs to be paid to vulnerable children, especially those with SEND.

The *Children Act* 1989 introduced the concept of **significant harm** as the threshold that justifies compulsory intervention in family life in the best interests of children, and this gives local authorities a duty to make enquiries to decide whether they should take action to safeguard or promote the welfare of a child who is suffering, or is likely to suffer, significant harm.

Types of Abuse

There are different type of abuse and particular attention needs to be paid to vulnerable children (especially those with Special Educational Needs and Disabilities).

Physical abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve:

- Conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate.
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. This can also occur when a child is a young carer for a parent who is disabled, has mental health problems or misuses alcohol or drugs.
- Seeing or hearing the ill-treatment of another – for example where there is fighting or violence in the home.
- Serious bullying (including banter, bullying via electronic media; sexting), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. (Please refer also to the Anti Bullying Policy for a list of types of bullying)

Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.

They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (sexting and including via the internet).

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment).
- Protect a child from physical and emotional harm or danger.
- Ensure adequate supervision (including the use of inadequate caregivers).
- Ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

It is worthy to note that a child going missing from an educational setting is a potential indicator of abuse or neglect, as is a child not collected from school, especially on repeated occasions and staff should be mindful of this. Some children may be at increased risk of neglect or abuse. To ensure that all of our pupils receive equal protection, we will give special consideration and attention to children who are:

- Disabled or have special educational needs.
- Living in a known domestic abuse scenario.
- Affected by known parental substance misuse.
- Living away from family home.
- Living in chaotic, neglectful or unsupportive environments.
- Vulnerable to discrimination and maltreatment on the grounds of race, ethnicity, religion or sexuality.
- Looked after children or children in care.

Children Missing in Education

A child going missing from education is a potential indicator of abuse or neglect. If a child goes missing from education, especially on repeat occasions, it is the responsibility of staff to report this to the Designated Senior Lead. It is essential that staff are alert to potential safeguarding concerns such as travelling to conflict zones, Female Genital Mutilation and Forced Marriage.

All schools must inform their Local Authority of any pupil who is deleted from the Admissions Register if:

- they are being educated outside of the school system
- they have ceased to attend school and no longer live within a reasonable traveling distance
- they have been certified by the school medical officer as unlikely to be in a fit state of health to attend school before ceasing to be of compulsory school age and neither he/she nor his/her parent has indicated the intention to continue to attend the school after ceasing to be of compulsory school age
- they are in custody for a period of more than 4 months due to a final court order
- they have been permanently excluded.

All schools must inform their Local Authority of any pupil who fails to attend school regularly or has been absent without the school's permission for a continuous period of 10 school days or more.

Female Genital Mutilation (FGM)

Female Genital Mutilation (FGM) which comprises of procedures involving the partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and is a form of child abuse. Where a member of staff discovers (through disclosure or visual evidence) that an act of FGM appears to have been carried out on a girl who is aged under 18, there is a statutory duty on that individual to report it directly to the police (Section 74 of the Serious Crime Act 2015). Those failing to report cases will face disciplinary sanctions. This mandatory reporting duty commenced October 2015.

Victims of FGM are likely to come from communities that are known to practise FGM and there are often signs to be mindful of:

- Children talking openly about FGM
- A girl confiding that she has had a “special procedure” or has attended a ceremony to “become a woman”
- Parents stating that they need to take a child out of the country for a prolonged period
- A girl may talk about a long holiday to her country of origin or another country where the practice is prevalent
- A girl having difficulty walking, sitting or standing
- A girl spending longer than normal periods in the lavatory
- A girl complaining of menstrual or bladder problems
- Prolonged absences from school
- A girl being reluctant to undergo normal medical examinations
- A girl talking about discomfort or pain between her legs

Child Sexual Exploitation (CSE)

Child Sexual Exploitation involves exploitative situations and contexts where young people receive something (e.g. money, food, affection, alcohol, drugs, accommodation) as a result of engaging in sexual activities. Perpetrators often hold some kind of power over their victims and sexual exploitation often involves varying degrees of coercion, intimidation or enticement. This can include cyberbullying, sexting, grooming or sexual bullying. Staff should be mindful of looking out for signs of CSE which can include:

- going missing for periods of time
- appearing with unexplained gifts or new possessions;
- associating with other young people involved in exploitation;
- having older boyfriends or girlfriends;
- suffering from sexually transmitted infections;
- mood swings or changes in emotional wellbeing;
- drug and alcohol misuse; and
- displaying inappropriate sexualised behaviour.

PREVENT

The Prevent Duty (June 2016) highlights advice to schools and childcare providers in relation to the need to prevent people being drawn into terrorism or related activities. Extremism is defined in Prevent as “*vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs*”. It is important that staff are able to identify children who may be vulnerable to radicalisation and know what to do when they are identified. Preventing children from the risk of radicalisation should be seen as part of the school’s wider safeguarding duties and within the promotion of Fundamental British Values. Schools need to assess the risk of children being drawn into terrorism including the support for extremist ideas. The School’s PSHE programme will address specifically issues surrounding radicalisation and extremism and as further guidance is forthcoming, these will be revised accordingly.

There is no single way of identifying individuals who are likely to be susceptible to terrorist ideology but schools must be conscious of the increased risk of online radicalisation. Staff should be aware of a change in children’s behaviour and should use their professional judgement in identifying children who might be at risk and take appropriate action such as reporting this to the Designated Senior Lead or Counter Extremism Helpline (see Appendices). The Metropolitan Police can also be contacted. It is worthy to note that if staff become aware of activity that could fall within the categories outlined in the Prevent Strategy, they must pass this information onto the Headmistress or in her absence, the Designated Senior Lead. If required, the school will work with the Borough to make appropriate referrals to Channel, a programme which focuses on

providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. A list of indicators is available for reference in the Appendices.

Honour Based Violence (HBV)

For a summary of Honour Based Violence and relevant legislation go to the Crown Prosecution Service website:

http://www.cps.gov.uk/legal/h_to_k/honour_based_violence_and_forced_marriage/#a04

There is no specific offence of "honour based crime". It is a term to encompass various offences covered by existing legislation. Honour Based Violence (HBV) can be described as a collection of practices which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour. Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code.

It is a violation of human rights and may be a form of domestic and/or sexual violence. There is no honour or justification for abusing the human rights of others.

We must be aware of the possibility that a child or young person, in particular a girl or young woman, may be at risk of being a victim of honour-based crime and some potential indicators and risk factors which staff should be aware of are:

- a history of older siblings leaving education early and marrying early;
- depressive behaviour including self-harming and attempted suicide;
- unreasonable restrictions such as being kept at home by their parents ("house arrest") or being unable to complete their education;
- unexpected/extended absence during term time for a holiday or to visit sick relatives; removed from education during term time and/or not returned after the holiday period; and
- a person always being accompanied including to school and doctors appointments.

The causes and manifestations of honour based crimes are varied so this makes it difficult to spot risk factors. In the UK, some honour based crime is related to forced marriage so staff should be particularly vigilant regarding risk factors surrounding this.

Special Circumstances

Expert and professional organisations provide up-to-date guidance and practical support on specific safeguarding issues. The NSPCC offers information to schools and staff can access broad government guidance on the GOVUK website (www.gov.uk). Most of this new guidance is highlighted in Key Information (Section 11).

The London Child Protection Procedures (2018) outlines *responses* to special circumstances in child protection cases, including issues such as:

- Bullying
- Child Sexual Exploitation (CSE)
- Domestic violence
- Fabricated or induced illness
- Female genital mutilation (FGM) – at risk or already suffered

- Foreign exchange visits
- Gangs, serious youth violence and violent extremism
- ‘Honour’-based violence
- Information and communication technology (ICT) based forms of abuse
- Missing from care and home
- Not attending school or unexplained absence
- Parental lack of control
- Parental mental illness
- Parents with learning disabilities
- Parents who misuse substances
- Pregnancy
- Private fostering
- Self-harming and suicidal behaviour
- Sexually active children
- Spirit possession or witchcraft
- Trafficked and exploited children
- Young carers

Other special circumstances as outlined by KCSIE 2018 Annex A where children can face particularly stressful times and may need additional support are:

- Children in the court system
- Children with family members in prison
- Child criminal exploitation
- Homelessness

4. Roles and Responsibilities

The Designated Senior Lead (aka Child Protection Officer):

The Designated Senior Lead (DSL) takes the lead responsibility for child protection, including support to other staff and information sharing with other agencies, developing policies and staff training and ensuring early help is available, especially for children who are disabled, have SEND, young carers, those who have challenging family circumstances, involved in anti social or criminal behaviour or are misusing drugs or alcohol. Most settings have one DSL although it is good practice for settings to have a Deputy DSL. Usually, the DSL is also the named person who responds to allegations made against members of staff.

The DSL should be a senior member of staff with the authority and seniority to carry out the functions of the role. The 2 designated members of staff at Channing School are **Andrew Underwood (Deputy Head - Senior School) and Dina Hamalis (Head - Junior School including EYFS)**.

The DSLs’ responsibilities are to:

- **Promptly** refer suspected abuse and neglect to the local authority children’s social care and to the police if it is a criminal matter.
- Report allegations made against members of staff to the Local Authority Designated Officer (LADO) and the Head (or Chair of Governors in the absence of the Head).
- Refer to the Disclosure and Barring Service (in cases where a person is dismissed or left due to risk/harm to a child).
- Develop, update and review the Child Protection and other safeguarding policies annually, ensuring that staff are aware of them.
- Ensure staff have been issued with Part One of *Keeping Children Safe in Education* (2018) and The

- Prevent Duty (2016) and have been trained accordingly.
- Ensure that the Child Protection Policy is available publicly and that parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this.
- Provide support and advice to all members of staff within the setting regarding child protection concerns.
- Ensure that all staff have up-to-date knowledge of safeguarding issues and up to date training and are aware of other training opportunities.
- Keep the Headmistress informed about any issues that arise.
- Ensure that cover is provided for the role when absent from the setting.
- Ensure that accurate, secure written records of concerns and referrals are kept in the Child Protection File.
- Ensure that a child's Child Protection File is copied for the new educational establishment when a child moves educational settings, and that this file is transferred securely and separately from the main pupil file.
- Ensure that all staff including EYFS (and as part of new staff induction) receive appropriate Child Protection and Safeguarding Training, emergency evacuation procedures, health and safety issues and maintain training records.
- Encourage a culture of listening to children and taking into account their wishes and feelings.
- Be alert to the needs of children in need, specifically young carers and those with special educational needs.
- Notify children's social care if a child with a Child Protection Plan is absent for more than 2 days without explanation.
- Cooperate with any requests for information from the local authority and with other agencies in compliance with *Working Together to Safeguard Children (2015)*.
- Maintain links with the Local Safeguarding Children's Board.

Other Staff's Responsibilities

It is the responsibility of all other members of staff to ensure that all safeguarding concerns, both minor and serious, are reported to the DSL as soon as reasonably possible. If the DSL is not available, staff should report their concerns to a member of the Senior Leadership Team or Children's Services. Colleagues can also contact the NSPCC or if a child is in immediate harm, the police.

The DSL may have other information regarding a child, young person or their family of which other staff may not be aware. Minor concerns may take on greater significance within the wider context of knowledge of a child or family that the DSL may have. The DSL will decide whether to make a referral to children's social care **but it is important to note that any staff member can refer those concerns to children's social care directly**. If, at any point, there is a risk of immediate, serious harm to a child, a referral should be made to children's social care immediately. If the child's situation does not seem to be improving, the staff member should press for reconsideration.

Staff should have read at least Part One of *Keeping Children Safe in Education (2018)*, including Annex A and provide a safe environment in which children can learn. Staff should also be aware of signs of abuse and neglect and be aware of systems, policies and procedures within the school which support safeguarding. It is now mandatory for staff to report cases of female genital mutilation and to act upon the Prevent Duty (2016). They should also attend appropriate safeguarding and child protection training on appointment and subsequent refresher training every 3 years. Staff must raise concerns about any poor or unsafe practice or any failure in the school's safeguarding regime (See Whistleblowing Policy)

The Headmistress

The Headmistress will:

- Ensure that the safeguarding and child protection policy and procedures adopted by the governing

body are implemented and followed by all staff.

- Allocate sufficient time and resources to enable the DSLs to carry out their roles effectively.
- Ensure that all staff feel able to raise concerns about poor and unsafe practice and that all concerns are handled sensitively and in accordance with the school's whistle blowing procedures.
- Ensure that staff have sufficient information, skills, knowledge and understanding about a child who is looked after by the local authority.
- Provide information about any child who is missing education.

The Governing Body

It is the governing body's overall responsibility to ensure compliance with Child Protection statutory requirements and ensure that:

- There is an effective and statutorily compliant child protection policy (and procedures) in place, together with a Staff Code and that these are provided to all staff on induction.
- DSLs have the appropriate authority, time, funding, training, resources and support to fulfill the role and responsibilities.
- The school contributes to inter agency working in line with the statutory guidance (*Working Together to Safeguard Children* (2015) including Annex A.
- The school's safeguarding arrangements take into account the procedures and practice of the local authority as part of the inter agency safeguarding procedures set up by the Local Safeguarding Children Board (LSCB).
- Appoint a designated teacher to promote the educational achievement of children who are looked after and ensure the member of staff has appropriate training and support.

5. Child Protection Procedures

If a member of staff is concerned that a pupil may be suffering harm or is at risk of harm, the matter should be referred to the DSL immediately in line with the requirements of Part 1 of KCSIE 2018.

***Working Together to Safeguard Children* states clearly that it is a duty to speak up about any safeguarding concern. It is important to share any concern or information quickly and to challenge inaction of colleagues. Colleagues can also report any concerns or information directly to the NSPCC or the First Response Team.**

1. You have a concern about a child / young person's wellbeing, based on:

- Something the child / young person / parent has told you.
- Something you have noticed about the child's behaviour, health, or appearance.
- Something another professional said or did.

It is never for you to decide alone how to respond to concerns. However, it is always your responsibility to share concerns, no matter how small, and to listen. Even if you think your concern is minor, the DSL may have more information that, together with what you know, represents a more serious worry about a child.

It takes a lot of courage for a child to disclose that they are being neglected and/or abused. If a child talks to you about any risks to their wellbeing or safety, including peer on peer abuse, you need to let them know that you must pass the information on. The point at which you do this is a matter of professional judgement (if you leave it until the very end, the child may feel that they have been misled; if you jump in immediately, the child may feel you do not want to listen).

2. Decide whether you need to find out more by asking the child / young person, or their parent to clarify your concerns, being careful to use open questions:

- Begin with words like: ‘how’, ‘why’, ‘where’, ‘when’, ‘who’?
- Do not ask leading questions.
- Remain calm and do not over react
- Give reassuring words or nods of comfort.

3. Let the person making the disclosure know what you plan to do next.

If you have heard a disclosure of abuse or you are talking with them about your concerns. Do **not** promise to keep what s/he tells you secret.

Say, for example, ‘I am worried about your bruise and I need to tell Mrs X so that she can help us think about how to keep you safe’

4. Inform the DSL immediately.

If the DSL is not available, inform the Headmistress or a senior member of staff. If there is no other member of staff available, you must make the referral yourself.

5. Make a written record that is dated and signed as soon as possible (but certainly that day) after the event, noting:

- Name of child.
- Date, time and place.
- Who else was present.
- What was said / what happened / what you noticed ... speech, behaviour, mood, drawings, games or appearance.
- If child or parent spoke, record their words rather than your interpretation.
- Analysis of what you observed and why it is a cause for concern.

In an emergency, take the action necessary to help the child, for example, dial 999 and remember that anybody can make a referral directly to children’s social care (see Section 10 of this policy for numbers). Advice is always available confidentially from the NSPCC (0808 800 5000).

The children’s social care team will require basic information from you such as your name, address, contact numbers and details of your concern. This information is held in the strictest of confidence and not disclosed to any party.

6. The DSL may take advice from the First Response Service at the Local Authority

(See Key Contacts – Section 10)

7. The DSL makes the referral to the First Response Service

The referral will note all previous intervention by the school with the child, any relevant history relating to the child, their siblings or the family.

In situations where a pupil is not at risk of suffering significant harm but is in need of support from one or

more agencies, the DSL will liaise with children's social care and, depending on their advice, possibly complete a CAF Form.

8. The DSL shares information with other relevant professionals

This will involve recording reasons for sharing information and ensuring that they are aware of what action the other professionals will take as a result of information shared. In cases of serious harm or if a crime may have been committed, the police are informed from the outset.

9. The DSL informs parent that they have made a CP referral, if the parent does not already know, and if there is no reason not to let them know.

The school will normally seek to discuss any concerns about a child with their parents. However, the First Response Service may suggest to delay informing the parents in cases of suspected sexual abuse, or where informing the parents might put the child at further risk, to prevent the child being harmed or intimidated (and retracting their disclosure). Additionally, in cases of suspected Fabricated or Induced Illness by proxy, the parents are not informed.

10. The DSL remains in close communication with other professionals around the child / young person and with the family,

This is done in order to share any updates about the child / young person if this is appropriate.

If a child protection investigation is pursued, the DSL and other key school staff will:

- Work closely and collaboratively with all professionals involved in the investigation, to keep the child / young person safe.
- Attend a child protection conference when invited and provide updated information about the child.
- Attend any subsequent child protection review conferences.
- Attend core group meetings and take an active role in the implementation of the Protection Plan.
- Reassess concerns if the situation does not improve and liaise with the relevant agencies.

The school communicates readily with local safeguarding agencies whenever an allegation or disclosure of abuse has been made and children who have suffered or are at risk of suffering significant harm should be reported to children's social care immediately. As previously stated, in situations where a pupil is not at risk of suffering significant harm but is in need of support from one or more agencies, the DSL will liaise with children's social care. As far as is practicable, the child's wishes or feelings are taken into account when determining what action to take and what services to provide.

Allegations Against Staff (including volunteers)

The school's complaints procedures will be followed where a child or parent raises a concern about poor practice towards a child that does not reach the threshold for child protection action. Complaints from staff are dealt with under the school's whistleblowing, complaints and disciplinary and grievance procedures.

Allegations of abuse can be made by children and young people and they can be made by other concerned adults.

Being subject of an allegation, a staff member may have:

- Behaved in a way that has harmed a child, or may have harmed a child.

- Committed a criminal offence against or related to a child.
- Behaved towards a child or children in a way that indicates her or she would pose a risk of harm if they work closely or regularly with children.

All allegations against staff or volunteers should be immediately brought to the attention of the Headmistress or, in her absence, the Chair of Governors. A quick resolution of the allegation must be a clear priority for the benefit of all concerned. If the allegation is made to the DSL, they should immediately report it to the Headmistress or the Chair of Governors.

If an allegation is made against the Headmistress or a member of the Governing body, this should be brought to the attention of the Chair of Governors without telling the Headmistress first. If an allegation is made against the Headmistress or a member of the Governing Body the Chair of Governors should liaise directly with the local authority. If there is an allegation against the Chair of Governors, the local authority should be contacted directly.

If an allegation is made against the DSL, this should be brought to the attention of the Headmistress, without telling the DSL first.

Some rare allegations will be so serious that they require immediate intervention by children's social care services and/or the police. Police will also be contacted if it thought that a crime may have been committed.

In all cases, the LADO (Local Authority Designated Officer) should be notified immediately and no later than one working day. Schools must not undertake their own investigation of allegations without prior consultation with the LADO. Parental consent is not required before reporting allegations to the LADO. In the most serious cases, the police will be involved, so as not to jeopardise statutory investigations. In borderline cases, discussions with the LADO can be held informally and without naming the school or individual.

The Headmistress should take the following actions:

- Ensure that the child reporting the allegation is safe and away from the member of staff against whom the allegation is made.
- Contact the LADO in Haringey or Camden immediately to discuss (See Key Contacts – Section 10).
- Make a referral to the Children's Service where the child resides, if appropriate.
- If the local authority where the child resides is unresponsive and not quick to act, it is the duty of the school's local authority (Haringey/Camden) to respond to the issue
- Contact the parents/carers of the child, following advice from the LADO.
- If necessary, suspend the member of staff or review his/her working arrangements, pending the investigation, following advice from the LADO.
- Attend strategy meetings convened by the LADO and act upon the decisions made at these meetings.
- Reach an agreement with the LADO about the information that should be put in writing to the individual/s concerned and by whom.
- Ensure that all discussions are recorded and dated in writing.

It is important that when allegations are made, the school makes every effort to guard against unwanted publicity.

Suspension should be considered when:

- There is a cause to suspect a child is at risk of significant harm.
- The allegation warrants investigation by the police.
- The allegation is so serious that it might be grounds for dismissal.

(London Child Protection Procedures Section 15.2.13)

Any disciplinary investigation should be carried out once the child protection investigation has been completed.

The school's commitment is to contact the DBS and National College for Teaching and Leadership within 1 month of any person leaving the school because he/she:

- Has harmed or poses a risk of harm to a child.
- Is considered unsuitable to work with children.
- Has been dismissed or removed from working (paid or unpaid) or would have been removed had he or she not left earlier due to safeguarding concerns or unprofessional conduct.
- Has a conviction for a relevant offence.
- Has brought the profession into disrepute or would have done had he/she not resigned from post.
- Has been dismissed because of misconduct.

Failure to make a report constitutes an offence. Compromise agreements cannot be used to prevent a referral being made to the DBS.

Where a dismissal does not reach the threshold for a DBS referral, the school, will consider making a referral to the NCTL.

Where there is an allegation of abuse in the EYFS setting, then a report must be made to OFSTED within 14 days.

Allegations against pupils and peer on peer abuse

A pupil against whom an allegation of serious abuse has been made may be suspended from the school during the investigation and the school's policies on Behaviour and Anti Bullying will apply. A bullying incident will be treated as a child protection concern when there is reasonable cause to suspect that a child is suffering or likely to significant harm. The school will take advice from the Local Authority Designated Officer (LADO) on the investigation of such allegations and will take all appropriate action to ensure the safety and welfare of all pupils involved, including the pupil or pupils accused of abuse. If it is necessary for a pupil to be interviewed by the police in relation to allegations of abuse, bullying (including cyberbullying or sexting) and the school will ensure that, subject to the advice of the LADO, parents are informed as soon as possible and that an appropriate adult supports the pupil during the interview. In the case of pupils whose parents are abroad, the pupil's emergency contact will be requested to provide support to the pupil and to accommodate her if it is necessary to suspend her during the investigation.

In the event of a disclosure about pupil on pupil abuse, all children involved (whether perpetrator or victim) will be treated as being at risk.

Peer on peer abuse may also include sexual violence, sexual harassment, physical abuse, initiating or hazing (initiation ceremonies) type violence.

Sexual violence and sexual harassment between children

Staff should be aware of the importance of making clear that sexual violence and harassment is not acceptable and will not be tolerated. They should not be dismissive of allegations of sexual violence or harassment and they should challenge potential criminal behaviours e.g. touching or grabbing. They should be mindful of identifying concerns and be mindful that this includes adult students ie 18 years old. It is important that staff are aware that sexual violence and harassment does happen and that children can abuse their peers in this way in any context. All incidents on peer on peer abuse involving children younger than 10, should be reported to the police (where appropriate). All staff, especially the DSL, should take a contextual safeguarding approach to incidents and ensure that appropriate support systems are in place for all involved.

6. Safer Recruitment and Safe Practice

Safer Recruitment

The school is committed to safer recruitment and the school's Bursar's Department is responsible for implementing the relevant recruitment and vetting checks, as well as maintaining the Safer Recruitment policy and setting safer recruitment procedures.

Safeguarding Children and Safer Recruitment in Education (2012) outlines Safer Recruitment processes in education settings. At least one member of staff on every recruitment panel has undertaken training in Safer Recruitment.

Safer Recruitment processes aim to:

- Deter potential abusers by setting high standards of practice and recruitment.
- Reject inappropriate candidates at the application and interview stages.
- Prevent abuse to children by developing robust policies and agreeing on safe practice.

Practice Guidance on the recruitment and selection of staff has been produced by the London Borough of Haringey.

Child Protection checks, including the EEA, and procedures apply to all staff including those employed by other organisations working with the school's pupils and also parent volunteers.

The school does not allow anyone whose suitability has not been checked to have unsupervised contact with children. When a new member of staff starts work before a disclosure is available, the school will ensure that the person is appropriately supervised at all times until checks are completed satisfactorily. For EYFS, the school will obtain an Enhanced Disclosure for every person over 16 who works directly with children, who lives on the premises or who works on the premises when children are present.

Full details can be found in the Safer Recruitment Policy.

Safe Practice

To meet and maintain our responsibilities towards children, the school agrees on the following standards of good practice:

- Treating all children with respect.
- Setting a good example by conducting ourselves appropriately.
- Encouraging positive and safe behaviour.
- Being alert to changes in children's behaviour.
- Recognising challenging behaviour may be a sign of abuse.
- Reading, understanding and implementing all the school's safeguarding policy and guidance documents including the Staff Code, Anti Bullying, Behaviour, Equal Opportunities, First Aid Fire and ICT related policies.
- Asking a child's permission before doing anything for them of a physical nature (except when there is an urgent need).
- Maintaining appropriate standards of conversation and interaction with and between children and avoiding inappropriate sexualised or derogatory language.
- Being aware that inappropriate behaviour towards children is unacceptable and that conduct towards all children must always be beyond reproach.

Staff Code

In order to protect children, young people and members of staff, we encourage staff to follow our professional Staff Code. This covers appropriate dress, the use of appropriate boundaries, social contact

outside setting (including on social networking sites), the receiving and giving of gifts and favouritism, and the safe use of technology.

All staff, including visiting staff, need to be particularly mindful of:

- Being alone with a child/young person.
- Physical contact/restraint.
- Social contact outside setting/appropriate boundaries.
- Gifts and favouritism.
- Behaviour management.
- Physical, sporting, coaching.
- One-to-one tuition.
- Safe use of technology (Security/Internet/mobile phones/digital images of children, etc). See the Staff ICT Acceptable Use and E Safety Policy.
- Appropriate use of social networking sites.
- It is an offence for a teacher to have sexual relations with a pupil under the age of 18.

Appropriate and safe staff conduct is supported by the following policies:

- <http://www.haringeylscb.org/allegations-against-staff>
- Recruitment, Selection and Disclosure Policy
- Disability & Equality Scheme Accessibility Policy
- Staff Code

Force, Restraint and Positive Handling

The law forbids a teacher or other members of staff from using any degree of physical contact that is deliberately intended to punish a pupil, or that is primarily intended to cause pain, injury or humiliation.

Teachers at a school are allowed to use reasonable force to control or restrain pupils under certain circumstances, especially those with SEN, a disability or with medical conditions. In some circumstances, teachers and authorised members of staff can restrain pupils in order to protect them and others.

Any concerns or allegations that a member of staff may have acted inappropriately should be brought to the Headmistress immediately and in confidence. The Headmistress, in turn, will contact the Local Authority Designated Officer (LADO).

Visitors

No visitors, including tradespeople or workmen, should be allowed to wander around the premises unaccompanied when children and young people are present.

Staff should be alert to strangers frequently waiting outside a venue with no apparent purpose. Children should only be collected by their parents, unless written notification has been received in advance.

Secure premises

The school will take all practicable steps to ensure that the school premises are as secure as circumstances permit.

All staff will receive a photo ID badge, which must be clearly displayed at all times whilst they are on the school premises.

A visitors' book is kept at both receptions and all visitors must sign on arrival and on departure. Visitors are

escorted by a member of staff at all times whilst on the premises.

Extended School Activities and Educational Visits

The school's educational visits procedures are set out in a separate document.

When school activities are provided by and managed by the school, our own Safeguarding and Child Protection procedures apply. Where other organisations provide services or activities on our site, the member of the school's staff responsible for arranging the service or activity will check that the providers have appropriate procedures in place, including relevant risk assessments and recruitment procedures.

When our children attend off-site activities, including school trips abroad, we will check to ensure that effective child protection arrangements are in place. All staff on these trips are bound by the school's Educational Visits Policy when arranging and organising off-site trips.

When children stay with host families abroad or in the UK, the school will work with partner schools or agencies to ensure that assurances are given about the suitability of host families and teaching staff prior to a visit or stay taking place and the necessary checks are carried out.

Missing and Not Collected Child

All staff are informed of the separate procedures to be used for searching for, and if necessary, reporting, any pupil missing from school. The procedure involves the requirement to record any incident, the action taken and the reasons given by the pupil for being missing. See Missing Child Policy.

If a child is not collected after a session it is reasonable to wait approximately half an hour for a parent or carer to arrive. If the parent or carer cannot be contacted, staff should consider contacting the First Response Service.

Use of Mobile Phones and Cameras in the EYFS and Whole School

To meet the requirement of the EYFS Framework the school is required to have a policy with regard to the use of mobile phones and cameras.

Staff are advised to use school mobile phones and cameras during the school day.

Some older Junior School pupils who walk home, bring mobile phones to school; these phones must be handed into the school office at the start of each day and the pupils then collect them as they leave the school. Senior School pupils must keep their phones in their lockers and they should be turned off and not visible during the school day. The pupils should adhere to the Pupils' Acceptable Use and E-safety policy. Sixth formers may use their mobile devices freely in the Sixth Form Centre.

School cameras and mobile devices may be used for 'purposeful educational activity'. The use of cameras will be monitored using the school's digital agreement and e-safety policies. Storage, use and management of all data in all forms will comply with all aspects of data protection and all safeguarding guidelines.

The school will seek parental consent for photographs to be published in school publications or on the website.

E Safety:

Most of our pupils will use mobile devices and computers. Pupils receive guidance on the safe use of the web (including anti bullying) through the ICT, PSHE and pastoral curricula and in assemblies. Cyber bullying will be treated as seriously as any other type of bullying. The school also runs parents' evenings focused on the safe use of ICT.

Suitable filtering is reviewed to keep pupils safe from terrorist and extremist material when accessing the internet in school.

The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:

- **content:** being exposed to illegal, inappropriate or harmful material
- **contact:** being subjected to harmful online interaction with other users
- **conduct:** personal online behaviour that increases the likelihood of, or causes, harm

The school will implement our ICT Acceptable Use policies and provide online safety education to promote the safe use of electronic equipment and the internet, so that (at an age appropriate level) pupils have a better understanding of the risks posed by adults or young people who use the internet to bully, groom, abuse or radicalise other people.

The procedures for safe online use are set out in other school policies, specifically the Pupils' ICT Acceptable Use Policy and the Online Safety Policy. For the avoidance of doubt, the School has adequate filtering systems to keep pupils safe when accessing the internet at school, is aware of the risks posed by the internet and technology for pupils, educates pupils, staff and parents about the safe use of technology and has mechanisms in place to enable staff to identify pupils who may be at risk of harm and to intervene appropriately or escalate such cases.

The school makes online safety an integral part of safeguarding by explicitly teaching pupils how to keep safe online in PSHE lessons, working with external agencies and the police, and through assemblies and form time.

The school expects all pupils to have read, and adhere to the Pupils' ICT Acceptable Use Policy, including returning a signed agreement. The school expects all parents to have read the Pupils' ICT Acceptable Use Policy, and to have given written permission for their child to access the internet at school.

The School will do all it reasonably can to limit pupils' exposure to the above risks when using the School's ICT systems by having in place a filtering system to safeguard pupils from potentially harmful and inappropriate material online without "over blocking" or imposing unreasonable restrictions as to what pupils can be taught through online teaching. The School's network provider retains all browsing data which can be searched by username, website etc. The School has systems in place whereby browsing data will be periodically reviewed. In the event of concerns being reported a user's browsing history can be investigated.

Supporting School Provision

Many other aspects of school provision support the aims of this policy. Schools play an important role in making children and young people aware both of behaviour towards them that is not acceptable (Behaviour Policy), and of how they can help keep themselves safe.

The Behaviour Policy and the *Channing Promise* state clearly the kind of behaviour expected for pupils who are members of the Channing community.

The non-statutory framework for personal, social and health education (PSHE) provides opportunities for children and young people to learn about keeping safe. PSHE and other curriculum materials provide resources that enable schools to tackle issues regarding healthy relationships, including domestic violence, bullying, cyber bullying, sexting, abuse and cyber safety. Discussions about personal safety and keeping safe can reinforce the message that any kind of violence is unacceptable, let children and young people know that it is acceptable to talk about their own problems, and signpost sources of help. Pupils are given the information to avoid situations and persons, including over the Internet and mobile technology, which/who could lead them into harm.

The school is determined that no kind of bullying, including banter and cyber bullying, will be tolerated. The Anti Bullying Policy can be found on the intranet and the website. The school acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. If there is a concern that a child is at risk of serious harm, the school's Child Protection procedures will be followed.

We are committed to providing appropriate advice and support for our pupils when the need arises. Referrals can be made to the School Counsellor, School Nurse or external agencies such as Open Door, CAMHS or Focus on Families (in liaison with the Designated Senior Leads). The pastoral teams, led by experienced pastoral leaders provide daily advice, support and guidance to pupils at Channing and all pupils should feel able to approach staff members.

Other aspects of provision that support this policy are:

- Social and Emotional Aspects of Learning (SEAL)
- The Citizenship Curriculum
- Sexual Health Initiatives
- School Nurse checks

Whistleblowing Policy

The School's whistleblowing policy is there to ensure that members of staff are confident that they can raise any matter with the School that concerns them in the knowledge that it will be taken seriously, treated as confidential and that no action will be taken against them. Staff are encouraged to report suspected wrongdoing as soon as possible, in the knowledge that their concerns will be taken seriously and investigated as appropriate, and that their confidentiality will be respected. The policy provides staff with guidance as to how to raise those concerns and seeks to reassure staff that they should raise genuine concerns in good faith without fear of reprisals, even if they turn out to be mistaken. Staff can also go directly to the local authority if they wish to report a concern.

7. Confidentiality and Sharing Information

All staff will understand that child protection issues warrant a high level of confidentiality, not only out of

respect for the child and staff involved, but also because the release of information into the public domain might compromise evidence.

Staff should only discuss concerns with the Headmistress, the DSL, Chair of Governors or external safeguarding body. That person will then decide who else needs to have the information and they will disseminate it on a 'need-to-know' basis.

The school will co-operate with police and children's social care to ensure that all relevant information is shared for the purposes of child protection investigations under Section 467 of the *Children Act 1989* in accordance with the requirements of *Working Together to Safeguard Children (2017)*.

Where allegations have been made against staff, the school will consult with the LADO and, where appropriate, the police and children's social care, to agree what information should be disclosed and to whom.

8. Child Protection Training

The school will ensure that all staff understand the Safeguarding and Child Protection policy and procedures and ensure that all staff have up to date knowledge of safeguarding issues. Training will be provided to enable staff to identify **signs of possible abuse and neglect** at the earliest opportunity and respond in a timely and appropriate way. These may include:

- Significant changes in children's behaviour.
- Deterioration in children's general well being.
- Unexplained bruising, marks or signs of possible abuse or neglect.
- Children's comments that give cause for concern.
- Any reasons to suspect neglect or abuse outside the setting, for example, in the child's home.
- Inappropriate behaviour displayed by other members of staff, or any other person working with children. For example, inappropriate sexual comments, excessive one-to-one attention or inappropriate sharing of images.

In addition, the school is mindful of the context of the school community and staff are additionally trained in factors such as mental health and cyberbullying.

The DSL will keep records of all staff's child protection training and will issue reminders when training updates are required as well as Part 1 of KCSIE. The New Staff Induction and NQT Programmes for new staff include a section on Safeguarding in September of each academic year as well as the Staff Code which includes acceptable use of technologies, staff pupil relationships and communication, including social media and Whistle Blowing procedures. These include issuing of the Safeguarding and Child Protection Policy as well as Part 1 of KCSIE and a summary document of WTTSC (2017) has been issued to all teaching staff.

The Headmistress and staff will be trained regularly (in liaison and with advice from the LSCB in terms of content and frequency) to understand the Safeguarding and Child Protection Policy and procedures, and to have up to date knowledge on safeguarding issues and statutory guidance. The last training for the Headmistress, all teaching and support staff (Updated Level 1 training) took place in Sept 2016. Governors also received training in March 2013 and March 2016. This was led by Graffham Consulting.

Aspects covered during the Level 1 training were: Definitions of Child Protection; Types of Abuse and Maltreatment; Every Child Matters Agenda; Child Development; Making Disclosures; Responding Appropriately; Staff Roles in the Protection of Children; Safeguarding Oneself and Other Adults; Working with other Agencies; Case Studies; Useful Links, Contacts and Materials. The course ended with a useful Question and Answer Session. Training in 2016 will also include the Prevent Duty.

The DSLs will receive training every 2 years. The last training for the DSLs (Level 3) was in February and September 2018. This was led by EduCare.

Aspects covered during the Level 3 training were: Definitions of Child Protection; Types of Abuse and Protection; Every Child Matters Agenda; Role of the DSL and Obligations; Intro to Safer Recruitment; Fundamentals of Safeguarding Children; Multi Agency Working; When to Intervene; Intervention v Non intervention; Protocols and Strategies; PSHE; Successful Implementation; Further Training Opps; Useful Links, Contacts and Materials. The course ended with a useful Question and Answer Session.

All paid and unpaid members of staff (including temporary and volunteers), as well as school governors, undertake single-agency, basic awareness child protection training once every three years.

In addition, the designated members of staff will undertake multi-agency training every two years.

9. Implementation, Dissemination and Review Strategies

The DSL will ensure that this policy is reviewed annually and its procedures and implementation are updated and reviewed regularly, including provision for Looked After Children.

This policy (and associated procedures) is approved by the Board of Governors and is reviewed annually by the governors, including effectiveness of procedures and implementation. Any deficiencies or weaknesses in arrangements are remedied without delay.

All members of staff read Part 1 of KCSIE and Annexe A and read and implement the Safeguarding and Child Protection Policy before the start of their employment.

All children, young people and their families will be made aware of the policy. It is important for families to be aware of actions staff may take if there are any concerns for a child or a young person's safety, and for them to understand that they might not be consulted before action is taken. Knowing about child protection procedures ahead of time helps parents to engage better in the process, meaning that change is more likely to take place.

Safeguarding awareness including safety is regularly addressed through the curriculum, PSHE, tutorials and assemblies. Safe practices to help young people adjust their behaviour in order to reduce risks are highlighted.

Copies of this policy and supporting materials are easily accessible on the staff intranet (Staff Handbook) and the Policy is accessible on the school website.

All staff are asked to read and sign that they have read the updated Safeguarding and Child Protection Policy and the KCSIE Part 1. The teaching staff are issued with the summarised WTTSC (2015) on an annual basis.

This Policy will be reviewed during the Summer Term 2019.
