The governors recognise and accept their responsibility, as far as is reasonably practicable, as the employer for providing, in accordance with the law, workplaces and work practises which are safe and healthy for employees, for pupils, for visitors including contractors and for anyone else who might be affected by their work activities. In particular care will be taken to provide and maintain:

The day to day duty of health and safety rests with the Headmistress and without detracting from this primary duty health and safety matters will be administered by the Bursar who will work on behalf of the governors by providing and interpreting policy. The Bursar is expected to report to the governors at least termly on all significant health and safety matters. The governors will ensure appropriate communication with employees and committee arrangements for the consideration of safety matters.

The governors will seek competent professional health and safety advice and provide additional resources when required.

The Bursar must report to governors at least annually on all significant health and safety matters and as and when there is a major accident or incident.

Employees must be mindful of their own duties to take care of their own personal health and safety and that of fellow employees, pupils and other persons who might be affected by their

work activities. All employees have a duty to co-operate with the employer to ensure good safety management and to comply with the health and safety policy.
